1. Objective

Advanced Networking for Asia-Pacific

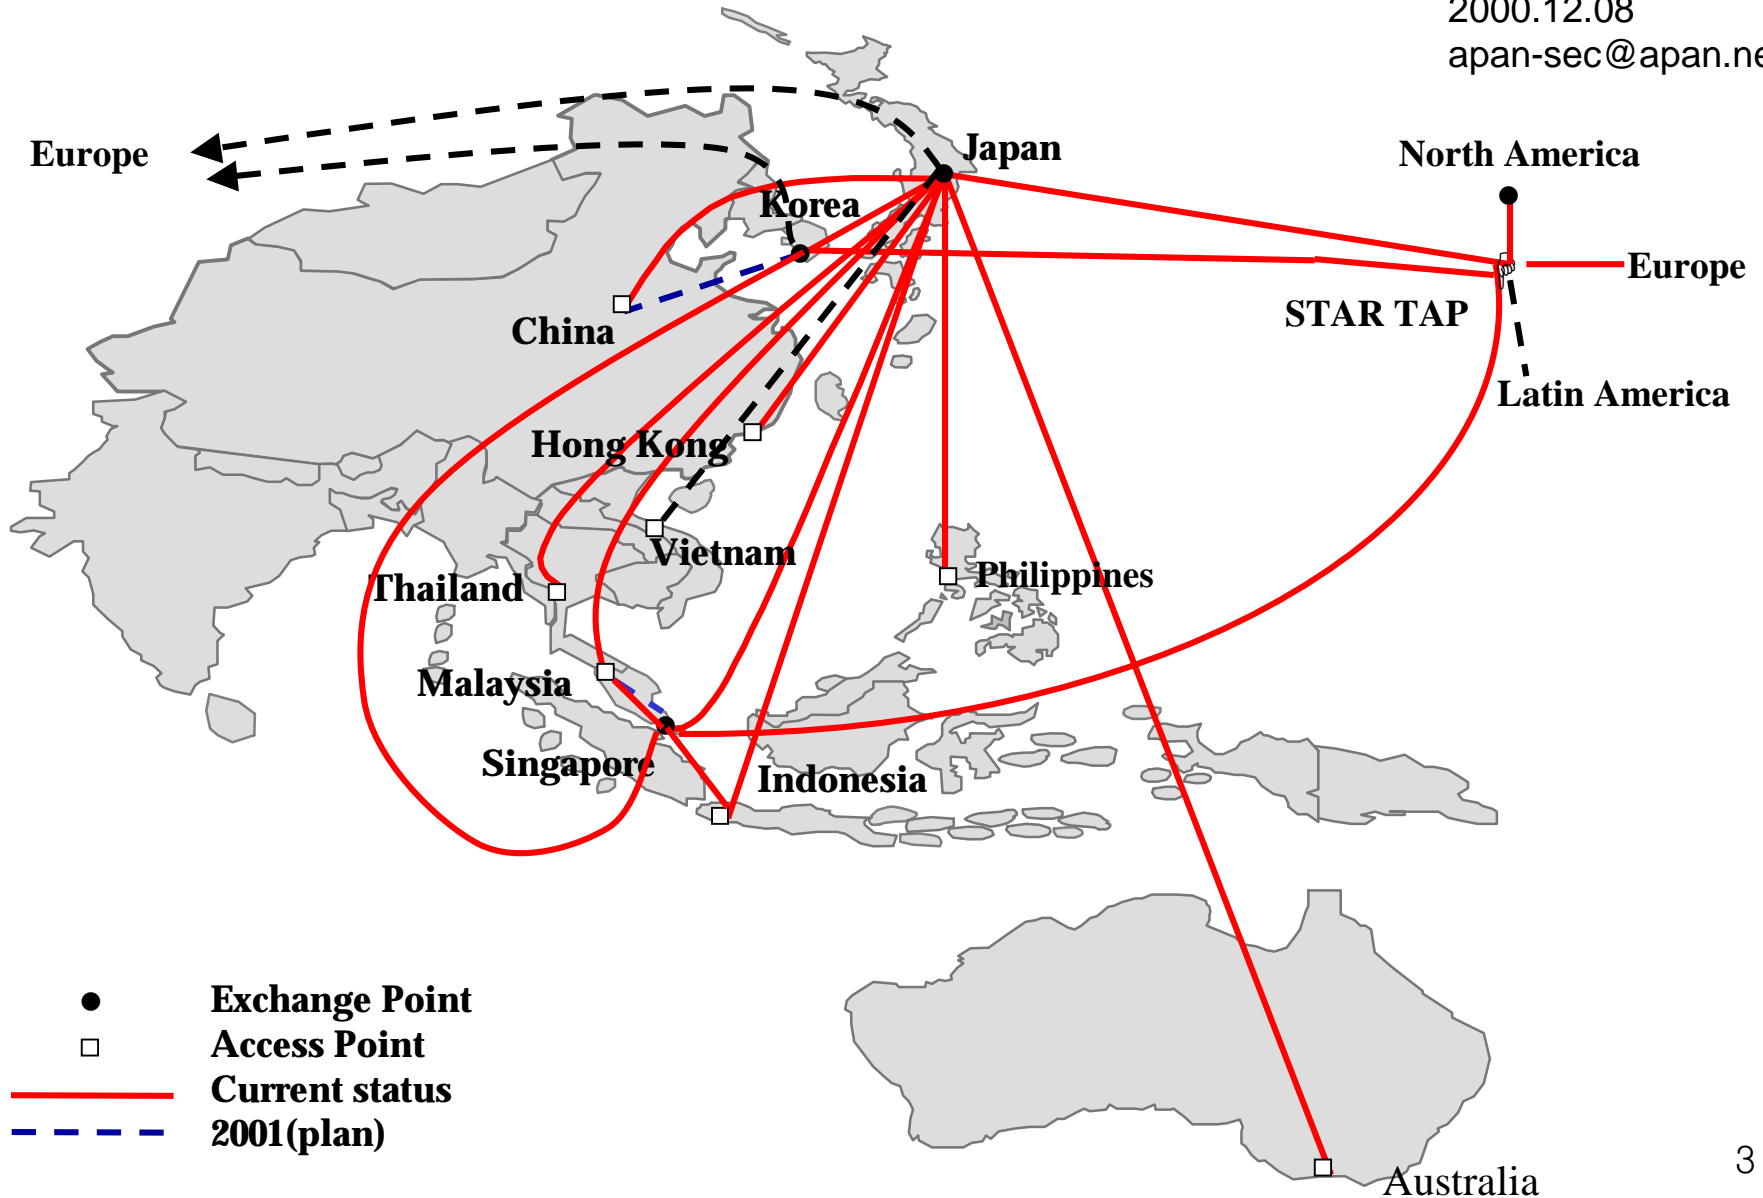

Research & Development for Advanced Applications and Services

Advanced Networking Environment for Research Community
International Collaboration

2. APAN Network Topology

2000.12.08

apan-sec@apan.net

3. Activities

Application	User Community	
Middle ware	Video, Archive, QoS, ...	
Network	Advanced Internet	Commodity Internet

(Int'l Link, Domestic Network, Campus Network)

3.1 High Speed Networking

Exchange Point(XP) Improvement

GigaPoP Development

3.2 Intercontinental Link

High speed connections

Performance tuning

delay/throughput

caching/replication

3.3 Continental Connectivity

Exchange Point(XP) Interconnection

Connectivity Program

APII, AI3, ...

3.4 Technology & Engineering Collaboration

Network Engineering - Operation

Measurement, Multicasting, IPv6, QoS,

Network Technology - R&D

IPv6, Measurement, Multicast, QoS, Satellite

Middleware Technology - R&D

Content Distribution, Multimedia, Security, Television

3.5 Virtual User Community Development

Agriculture

BioInformatics

Digital Library

Education

Environment Monitoring

Grid

Manufacturing

Medical Informatics

3.6 Human Resource Development

2 Meetings Per Year

Workshop/ Conference

Working Group Meetings

Committee Meetings

2001. 3. 20

4. Schedule

1996. 3.28	Tsukuba	Ad hoc Meeting(during APEC Symposium)
1996. 5-1997.5		Preliminary Meetings, Workshops & Visits
1997. 6.2-3	Tokyo	First APAN Meetings
10.20-21	Singapore	Second APAN Meetings
1998. 3.2-5	Tsukuba	Third APAN Meetings
7.1-3	Seoul	Fourth APAN Meetings
1999. 2.19-21	Osaka	Fifth APAN Meetings
9.21-24	Canberra	Sixth APAN Meetings
2000. 2.15-17	Tsukuba	Seventh APAN Meetings
8.22-25	Beijing	Eighth APAN Meetings
2001. 2.1- 2	Honolulu	Ninth APAN Meetings
8.20-22	Penang	Tenth APAN Meetings
2002. 1/2	Bangkok	Eleventh APAN Meetings

5. Finance

- Link: paid by link owners
- Exchange/Access Points : supported by relevant organizations
- Meetings : supported by host organizations

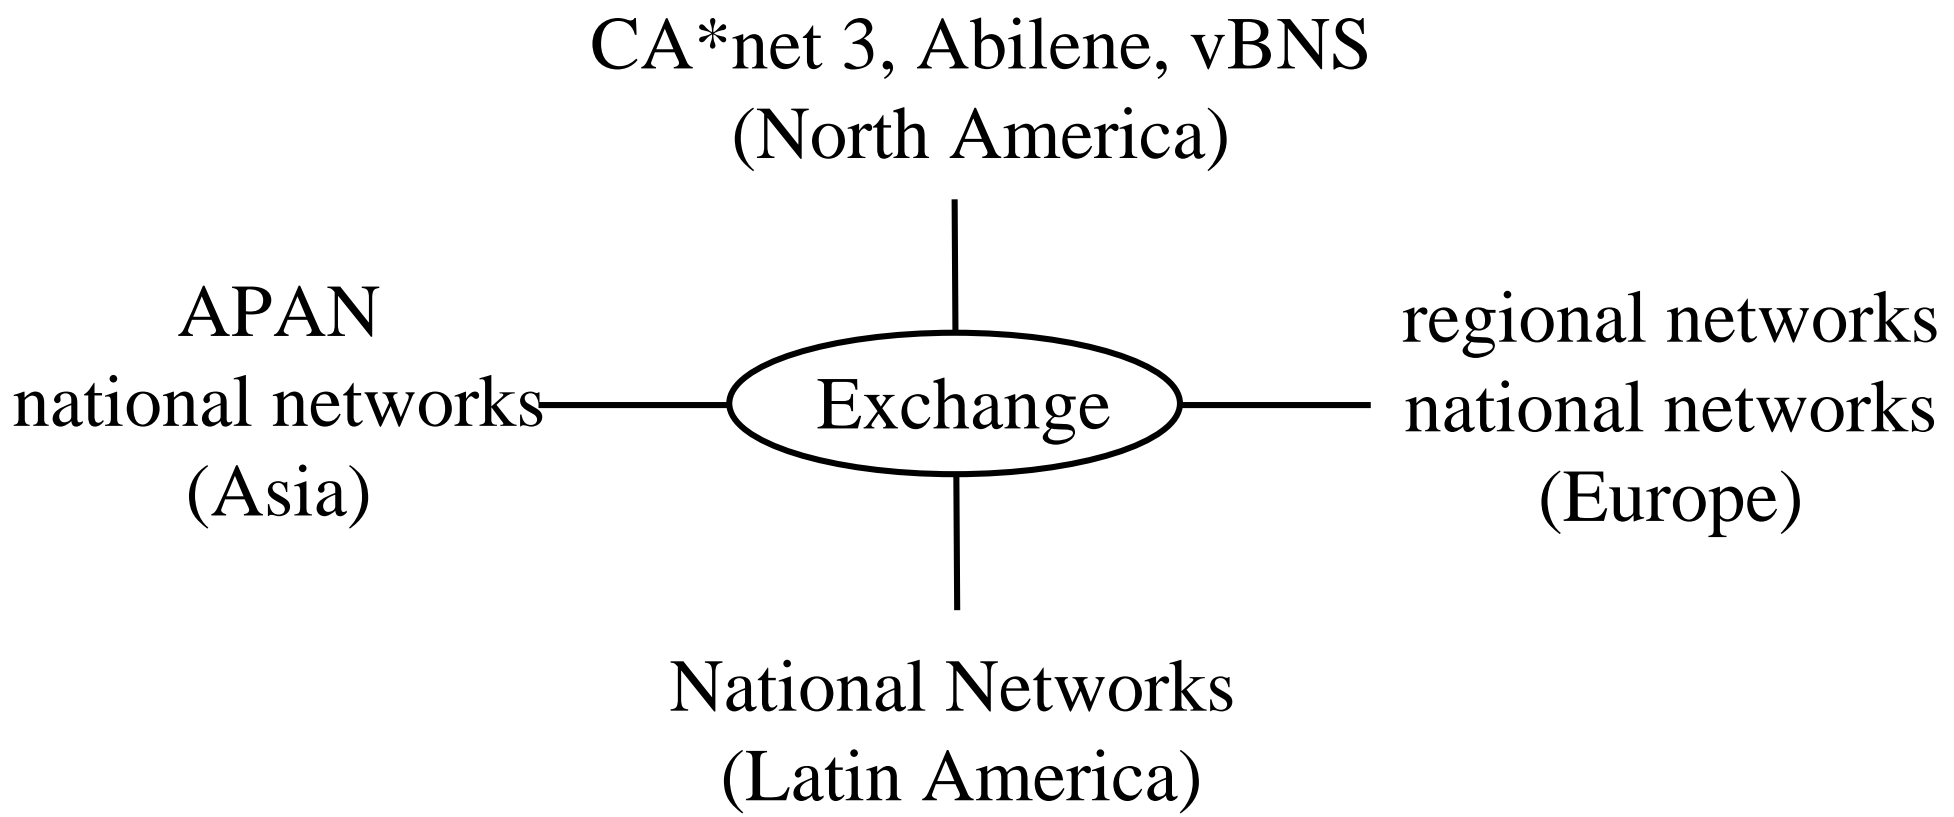

6. Members

- Primary Member : Network with Intra-continental high performance link
- Associate Member : Network without Intra-continental high performance link
- Liaison Member : Regional Advanced Network
- Affiliate Member : User Organizations

7. Global Advanced Research Networks
